WE VOTE WITH OUR WALLETS

The success of this pilot program is in the hands of the parents who currently order lunch or plan to order from this menu. To be a permanent part of our Lunch menu the pilot will need to be a success as measured by the number of Organic meals purchased by the end of March. **AT LEAST 50 MEALS** should be purchased every week (**about 12 per elementary school**) for the pilot program to be a success. Pomptonian will make this available every Thursday and will be open to adding another day in the future, including organic vegetarian options.

OTHER ADDITIONAL ITEMS STARTING JANUARY

- Homemade vegetable and lentil soup with brown rice
- Homemade minestrone soup served with a whole grain roll
- Variety of Boar's Head turkey and ham roll-ups
- Grass-fed all-natural meatballs
- Paris café featuring assorted cheeses with sweet grapes and a baguette slice/mini croissant
- As always, each meal comes with a trip to the farm stand offering a variety of fruits and vegetables.
