

TRAFFIC RULE REMINDERS

1. If you park in our lot, please DO NOT back out before 3:30. It is important not to interrupt the flow of traffic as cars are exiting. You must wait until the traffic ends before pulling out. Please do not go into reverse and wait for a gap. Drivers in the loop should not stop to let cars pull out in front of them. This poses a great danger to our children and parents walking through the lot. If you can't wait, please don't park in the lot.
2. If you are getting in the traffic line to pick up, please get in back of the line. You may not make a left from Harristown and cut people who have been waiting in line.

Thank you,

Irene Pierides
